HAD A BIG TIME

PICKERING HAD FARMERS' INSTITUTE ON FRIDAY.

TALKS ON FARM LIFE

And Agricultural Problems, Also Domestic Science—Many Present at Institute From Maryville.

Had it been a bunch of happy school girls waiting for the Burlington train at Pickering Friday afternoon there would have been numberless enthusiastic yells sent up for Pickering. Instead, it was the Mothers' Circle of Maryville expressing words of appreciation for the courteous treatment and entertainment given them by the Pickering Mothers' club.

Zero weather did not in the least chill the hospitality of the Pickering ladies. A reception committee of four ladies, Mrs. C. A. Wolfers, Mrs. C. G. McMillen, Mrs. Laura Watson and Mrs. O. G. Null, met them at the train and soon after led the way to the hotel, where they were greeted by the Pickering club president, Mrs. Howard Wray, and others of their club. Each visiting lady was tagged with a purple and white tag bearing her name, and as their hostesses were likewise tagged, all felt acquainted at once and talked together freely, as each could call the other by name.

The visitors were then led to the dining room where a luncheon was served in cafeterian style. A luncheon, the Pickering ladies called it, but their visitors say it was a dinner, a regular banquet. There was pressed chicken, bread and butter sandwiches, baked beans, pickles, Waldorf salad, light and dark cake and coffee, everything in abundance, and prepared the best of anything you ever ate. The diners renewed old acquaintances and formed many new ones during this time together.

After this all went to the M. E. church, where a program was given for the ladies, the principal part being the address by Miss Nellie Nesbitt of the domestic science department of the state university, who was introduced by Mrs. Howard Wray. Miss Nesbitt talked of salads and salad dressings. Her talk was interesting to every woman there, and she managed to say many other things on the side that were especially instructive. The program opened with prayer, led by Mrs. C. A. Wolfers. Two songs were then given, one by Rowena Hull and one by Miss Beulah Everhart. After Miss Nesbitt's address Raymond Garten sang a song.

At 2:30 the men who had come to hear J. Kelley Wright at the school house, who had addressed them on agricultural themes joined the women's meeting at the church, and the program had to be changed some to suit conditions, as Mr. Wright could not stay to speak at night, as had been expected.

After a solo by Mrs. Roy Wolfers, Mr. Wright was introduced by Professor Summerville of the Pickering schools. He talked so interestingly of the country schools as they are and as they should be made that his auditors would not let him go until train time, doing away with everything on the program but his talk. He said that every man should leave his land to the next generation as rich as he had found it; that there was a way to do this, and he could easily find out how to do it if he but tried.

But time and tide wait for no man," neither does the Burlington train, so the first visit of the Maryville Circle to the Pickering club, short, pleasant and profitable, was at an end.

Another program was given at the M. E. church in the evening, when Mr. Smoot, another member of the state board of agriculture, spoke in the evening, after Rev. Dueker, pastor of the church, led the prayer. Mrs. Roy Wolfers sang a solo at this service, and Misses Chloe Neal and Irene Burks gave a piano duet and Miss Edith Neal a piano solo. Miss Nellie Nesbitt suoke again in a general way on the subject of domestic science, presenting it in such a way as to make her talk as interesting to the men as was the talk of Mr. Smoot.

At the close of the program the prizes in the domestic science and corn contests were presented to the winners by Rev. H. J. Dueker in a very pleasant speech. The prizes were awarded as follows:

Bread—First prize, Mayme Vinzant.

White cake—First prize, Mary Crowson.

Loaf cake—First prize, Esther Pfeiffer; second prize, Nellie Clayton.

Best dressed doll—1st prize, Hazel Gray; 2d prize, Myrtle Pfeiffer.

For best plan for five-room cottage—1st prize, Albert Hinton; 2d prize, Russel Neal; 3d prize, Miss Cleva Neal.

Five reasons why it is better to pay accounts by checks than by cash—James Clayton, 1st prize; C. B. Leach, second prize.

Best ten ears of corn—1st prize, Russell Clayton; 2d prize, Dale Wiley.

The ladies of the Pickering Mothers' club, who were the hastesses of Friday afternoon were Mrs. Howard Wray, Mrs. C. A. Wolfers, Mrs. Roy Wolfers, Mrs. Laura Watson, Mrs. E. L. Crowson, Mrs. Roland Wray, Mrs. John McGuire, Mrs. Henry Rutherford, Mrs. C. G. McMillen, Mrs. O. G. Null, Mrs. W. E. Hinton, Mrs. Lester Hood, Mrs. Gordon Swinford, Mrs. Charles Alexander, Mrs. Eliza A. Shreves, Mrs. Curtis Hull, Mrs. J. S. Garten, Mrs. George Smith, Mrs. W. R. McKee, Mrs. W. A. Burks, Mrs. J. E. Rickard, Mrs. Alonzo Fine, Mrs. Joseph Everhart.

Offer of Maryville's Ladies Band Sounds Good to the Suffragettes at Washington.

Miss Alma Nash, director of the Maryville ladies band, received another telegram Saturday morning from the chairman of the band committee for the National Woman's Suffrage parade to be given in Washington, D. C., the day before the inauguration of President-elect Woodrow Wilson, which shows that she has her eye on the Maryville girls so strongly that everything is going to be done towards securing them a place in the parade.

The correspondence between the women "powers that be" at Washington and Miss Nash is getting to be entirely by telegram now, and business is getting quick and earnest. The message of Saturday morning reads:

"Please send references and recommendations. Have you ever marched? We are greatly interested to have a band of women who believe in suffrage and will give their services. Will find out how much money is needed for expenses and will help raise it if we can."

The Wabash railway is figuring on a special rate and car for Maryville girls and as soon as the special rate can be made for them, the Washington women will be notified. Several Maryville people are getting interested enough to contribute something for the girls expenses, which is rather an indication that some of our people are sort of favoring woman suffrage.

WHAT IS IT GOING TO BE?

Mr. Groundhog Will Tell You All About It sunday.

Sunday Mr. Groundhog is expected in Maryville to deliver an opinion in the ever-increasing question, "What shall the weather be?" There are many who pin their faith to the little fellow, and who claim to know that he is right, because they have kept close tab on him.

There are other good citizens here who do not share these opinions. Some, who like to agree with everybody as far as possible, are not saying much one way or the other, but they have signs and tokens and omens of their own. Others again are apt to be quite outspoken and to denounce Mr. Groundhog as an arrant old humbug. They are ready to concede, however, that we are going to have weather in the near future, and they are willing to go farther and concede that some day we shall be able to foretell the kind of weather that we are going to have here next week or next month or in six months. And they opine that as we continue to navigate the air, and as we continue to study electricity, perhaps we shall acquire sufficient knowledge to enable us to peer into the future with a greater measure of success than that achieved perhaps by the Rev. Irl Hicks of St. Louis.

And there are still some who yesterday laughed at all the others, and cheerfully informed them that they are wasting their time, and that the whole problem has been solved and that spring was here, right here in Maryville, and has been here almost a week. But today these wise ones are telling another story.

Sunday Mr. Groundhog will come out from his winter home, and if the sun is shining he will see his shadow and go back to his hibernating place and remain there for six weeks and winter will continue for that length of time.

Sick of Pneumonia.

Hilda, the eight year old daughter of Mr. and Mrs. Thomas Riffe, is very ill of pneumonia.

WAS FOUND DEAD

THOMAS MOORE MET DEATH FROM EXPOSURE TO THE COLD.

WAS IN FAILING MIND

Guilford Aged Farmer Discovered in Corn Field Clad in His Night Shirt and Frozen to Death.

Thomas Moore, an aged farmer living six miles southeast of Guilford, met his death Friday night from exposure to the extreme cold weather. The deceased was about 85 years of age and made his home with his bachelor son, T. B. Moore, a middle-aged farmer.

Friday night father and son retired as usual. Shortly before midnight the younger Moore awoke and discovered that his father was missing. For the past year the aged man's mind had been failing, and the son at once feared that his father had wandered from the house and set out to search for him. He sought until 3 o'clock Saturday morning in vain.

Mr. Moore then summoned the neighbors, who entered in the search, and about daybreak Saturday morning the unfortunate old man was found frozen to death in the corner of a cornfield, some three-quarters of a mile from his home.

When found he was clad in his night clothing and shoes, and his condition evidenced that he had been dead for several hours.

CHARLES L. BEECH, BANKER.

A Maryville Boy Continues to Make Good at Clarinda—Son of Our Worthy Postmaster.

This week's Clarinda (Ia.) Herald contains announcement of the retirement of Charles L. Beech as proprietor of the Leader, the big department store at Clarinda, to engage in the banking business there.

Mr. Beech is the oldest son of Mr. and Mrs. S. R. Beech of Maryville. He has made a good place for himself in the substantial commercial life of Southwestern Iowa, all through his own efforts, and The Democrat-Forum takes pride in noting his latest advancement.

Charles Beech and his Maryville boyhood chum, Charles Wade of Fairfield, Ia., have met with about the same success and are as near alike as two peas, though each says he is not able to trot in the same class with the other (always and always preferring one another in honor), and we are glad to take off our hats to them. The Clarinda Herald had the following to say of Charley Beech:

C. L. Beech, former proprietor of the Leader store, has purchased stock in the Page County State bank, and tomorrow morning will enter that institution for active work. Br. Beech is a thorough business man and admirably adapted for banking duties. His retiring from the Leader has left him free to take up other business, and it happened that he was offered an opportunity to purchase some stock in the Page County State bank, and that there was an opening in that bank for the services of another man to help take care of the work that had become too large for the others. So the entrance of Mr. Beech into the active affairs of the bank will be a mutual benefit to himself and his associates. The people of Clarinda and vicinity are well acquainted with Mr. Beech and know him as a pleasant and reliable gentleman, and one who will naturally and properly fit into the affairs of a banking institution, and whom they will be glad to meet in such a place.

Sold Fifty Acres of Farm.

Herman W. Hull sold fifty acres off the east end of his 160-acre farm, two miles north of Maryville, Thursday, to John Anderson, who has purchased the Miles A. Nicholas farm, which joins the farm of Mr. Hull. The price received was $90 per acre. The deal was made through Brown Brothers. Mr. Anderson now has 210 acres in a body.

The Candy Kids Won.

The Candy Kids won two out of three games from the Regulars in the bowling game Friday night. Belcher had high score of 183 and also high average of 444 for three games.

WRITES OF ADVISOR

S. M. JORDAN OF PETTIS COUNTY HOPES COUNTY WILL HAVE ONE.

SOLVED MANY PROBLEMS

For the Interests of Farmers and Will Make Them Better as Business Men.

S. M. Jordan, county farm advisor of Pettis county, in writing to The Democrat-Forum, says he hopes Nodaway county will be progressive enough to employ such a man. Continuing, he says:

"Agriculture is successful to a very great degree in proportion to the solid sense employed. Prosperous and contented people are necessary to the best interests of the whole country. Successful agriculture makes all things possible. Quality of citizenship measures progress in the best methods of farming. High quality of citizenship is our first most essential farm product. Summing up, proper breeding of farm people, and training them for the highest efficiency in farming is of first importance to the nation, and it is a false economy to permit conditions that do not bring about these ends.

"Ends should be sought to put the farmer under conditions that will make of him an independent, efficient citizen and business man. He cannot be such so long as he may continue to be a renter under any system of tenancy, hence means should be worked out whereby he may most easily acquire enough land for a comfortable home.

"In the 'farm advisor' matter it might be presumed by some that somebody was butting into somebody else's business, but from all the facts everywhere, the farmer is not doing well enough, even though a good many may think that he is. Any sane man will not deny that this country is losing its soil fertility at an alarmingly rapid rate, and the man who really knows will tell you that most of this loss is entirely preventable, but is not prevented for the sole reason that the average farmer does not know how to prevent it. It might be presumed that he does not care to prevent it, but that view is entirely wrong.

"The American farmer is not doing 'well enough' when his food production is not, now at least, keeping pace with our increase in population, and he is not doing 'well enough' when he is allowing his balance of trade with other nations to grow smaller every year. Then, if he is not doing 'well enough' somebody, somewhere, some time must try to apply a remedy, and the remedy, while not a 'cure all' will most surely bring such relief.

"A man on the farm at hard work most of his time does not have the opportunity nor the inclination for studying out his own problems. He comes in the same category as the man who practices medicine. The man who transformed the crooked stick to steel did not plow ground; the man who gave us the modern cultivator did not plow corn; the man who gave us the self-binder did not bind wheat, and all the scores of other things produced to make modern farm life a pleasure were not produced by the men who actually use them, but by the mechanic who could take time to think, try, devise, plan, study, burning the midnight oil, endeavoring to solve a problem, and then how often when he had solved it, the very ones it would help the most were 'agin it.'

"The farm advisor is not really new, the plan is new to most localities, but in a more or less modified way it has been employed for many years, but under modern conditions the plan is taking a broader scope, and while no one may solve all of the farm problems for the man on the farm, with the help and co-operation of colleges of agriculture and the U. S. department of agriculture reasonable results can be secured."

DEFEATED WESLEYAN FIVE.

Normal Team Won Game Friday Night by a Score of 50 to 22.

The Normal basket ball team defeated the Missouri Wesleyan five Friday night at the Normal gym by a score of 50 to 22. Although the score shows that the game was not very close, it was by no means a walkaway for the green and white men, and continued breaking up of dribbles and sensational team work by both teams kept the crowd of 200 on edge throughout the game. Vern Seymour, the Normal guard, scored the first point of the game with a field goal within the first minute of play, and Wesleyan soon evened the count when Heinz, at forward, caged a basket. Then Normal took the lead and was never headed, the first half ending 26 to 13 in the locals' favor. In the final period the locals went in with the slogan 'Beat them worse than Tarkio did," and with this determination in mind they played the visitors completely off their feet. The vanquished got but nine points in the second half while the teachers added 24 to their count. The Tarkio score the night before for 42 to 18, which, according to "dope," gives the locals a slight shade over Tarkio.

The entire Normal team, including the three reserves, who played the last five minutes, put up a great game, while the superb work of Captain Vandersloot and McClintoch deserve particular mention. "Van" caged nine field goals from almost every conceivable position on the floor, and counted eight free throws out of eleven chances far a grand total of 26 points. "Pig-Iron" McClintoch did equally well on the defensive. He guarded Wyckoff, the Wesleyan forward, who stands 76 inches in midair, nd later Horn, who was substituted for the giant, and neither man even threatened to get a field goal. "Buzz" Daise played a fast game at forward, and beside counting six field goals he repeatedly went down the court and broke up the opponents' dribbles.

For the Methodists, Heinz, at forward, displayed about fifty-seven varieties of form and was easily their best man. He shot six field goals and was always in the game. Cropper, at center, was a splendid jumper and repeatedly upset the Normals' signals by getting the tip at center. He counted a couple of field goals.

The details of the game follow. Line-up:

Wesleyan — Wyckoff, Horn and Heinz, forwards; Cropper, center; Freeman, Henderson and Poland, guards.

Normal—Vandersloot, Daise and Strader, forwards; Perrin and Quinn, center; McClintoch, Seymour and Taylor, guards.

Summary—Field goals, Vandersloot 9, Daise 6, Heinz 6, Perrin 4, Seymour 2, Cropper 2. Free throws, Vandersloot, 8 out of 11; Wyckoff, 4 out of 9; Horn, 3 out of 4.

Referee, Hoffman.

Umpire, Westbrook.

CASE WAS DISMISSED.

Case of Jesse A. Ringgold vs. Wm. Langan Was Settled Out of Court.

The case of Jesse A. Ringgold vs. Wm. Langan et al., on a note was settled out of court this week and the case was dismissed from the court docket. The suit was to have come up February 7 before M. E. Ford as special judge, as Judge Ellison disqualified himself as he had formed an opinion.

In the case of the Nodaway Valley bank vs. Joe and Carrie M. Younger, attachment on a note, Sheriff Tilson reports collections as follows: From light plant, $37.90; from opera house, $29.24; from dwellings, $14.50; total, $81.64. Mr. Tilson was allowed $30 for his services, and the balance, or $51.64, was held for the further order of the court.

In the assignment of W. B. Finn to F. P. Robinson as trustee, H. L. Raines and F. W. Olney were selected as appraisers to appraise property to assigner, W. B. Finn.

THEY FARED WELL

MARYVILLE MEN BEFORE APPROPRIATIONS COMMITTEE.

INDICATIONS ARE GOOD

For the Committee to Approve Nearly Entire Appropriation the Normal is Wanting.

W. A. Blagg, president of the board of regents of the Normal school, returned Saturday noon from Jefferson City, where he had been before the appropriations committee in the interest of the Normal. Dr. H. K. Taylor, president of the Normal, and W. G. Hine of Savannah, a member of the board, were also at Jefferson City and appeared before the board. Dr. Taylor will arrive in the city Saturday night, as he gave an address at the teachers and patrons' meeting held in Guilford today.

The Maryville men and Mr. Hine urged that the school here be given the full appropriation they are requesting, $123,000. According to the report of the junketing committee that visited the Normal school recently, they stated that the only item to be cut down was that of teachers' salaries from $90,000 to $80,000. Mr. Blagg and Dr. Taylor both requested that the teachers' salaries remain at $90,000, as it was very necessary to keep up the teaching facilities of the school here with the best of the other schools.

The members of the appropriations committee did not say what they would do, but the indications are very good for the Normal to receive nearly all of the amount they are demanding.

The meeting was held at Jefferson City Friday night at 7:30 o'clock, and it was the joint meeting of the appropriations committees of the house and also the senate.

Senator Anderson Craig, who is a member of the appropriations committee of the senate and who was present at the meeting of the committee in Jefferson City last night, wired to The Democrat-Forum as follows Saturday morning.

"Maryville Normal fared much better than any of the other normals in proportion to the size of the appropriations they are demanding. Can't say more at this time."

A SPECIAL HEARING

On the County Unit Local Bill Next Week—All Other Liquor Bills Hinged on This One.

Jefferson City, Feb. 1.—The "wet" and "dry" leaders of the house yesterday afternoon agreed to set a special hearing next week for the County Unit Bill. The roll call on its passage will determine definitely the lineup of the house, whether it is wet or dry. The vote on the other liquor bills will not vary far from that on the County Unit Bill.

FIVE NEW PAPERS A DAY.

Birth Rate in the United States and Canada According to Newspaper Census.

Philadelphia, Jan. 31.—New publications came into existence during 1912 at the rate of about five a day, according to census figures compiled by the 1913 American Newspaper Annual Directory, published here today.

The exact number begun is 1,686. In the same period 1,650 were discontinued, making the net increase for the year 36, about equally divided between the United States and Canada. As in recent years, there were many consolidations. Much the largest comparative growth was in the daily field.

The publishing and printing industry, which the annual and directory represents, is one that, in number of employees, value and products, and value added by manufacture, is exceeded only by four others in the entire realm of our country's manufacture. The increase in value of output in this industry is remarkable. In ten years it was more than 86 per cent. The annual income of newspapers and publications is now estimated at $360,000,000—a million dollars a day—of which, perhaps, two-thirds is derived from advertising.

The current annual and directory describes 24,381 publications, of which 2,633 are daily; 17,285 weekly; 3,069 monthly. These are printed in 11,629 towns, which are likewise commercially described.

Publications issued in the interest of various classes and lines of business continue to be numerous. There are 208 such lists, running from the large ones, devoted to religion and agriculture, to small groups, representing sociology, woman's suffrage, cement and concrete, moving pictures, esperanto, etc. Every line of activity has its printed exponent in these days.

Miss Anna Weisenberger went to Moberly Friday, where she will be employed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

The town of Guilford is to have its fourth physician. Dr. D. A. Pollard, who retired from the practice of medicine to go into the hardware business at Barnard with Lowell Campbell, with whom he has been associated for some time, has concluded to again locate in Guilford for the practice of medicine. The other physicians there are Dr. A. D. Barnet, Dr. J. M. McClannahan and Dr. J. M. Botts.

RAVENWOOD.

Whew! isn't this a cold wind, after so much pleasant weather? But we cannot have these things our way. If we could, we would doubtless make it worse.

There is an unusual amount of sickness in this part of the county. The doctors are kept busy almost day and night. The sickness is mostly with the children. I think all the babies in Ravenwood have been sick. All reported better now. Clinton Allen, an old-timer, has been sick this week, but is better now.

This winter has been an unusual one so far. The roads are dry and hard, a fine time to haul wood and do such work.

A large amount of stock has been shipped from this place in the last ten days.

Our little city on the Platte is running along smoothly. I think all our merchants have invoiced since the beginning of the year. They still have their goods on the market, which is evidence they are pretty well satisfied with last year's sales.

A Little Singing Evangelist.

Doris Marie Goforth went to Bolckow Friday evening to visit until Sunday evening with her grandparents, Mr. and Mrs. J. H. Goforth. Miss Doris was requested to come at this time by Rev. W. A. Chapman of Rosendale, who is holding a meeting at the Christian church there, to sing at each meeting while she is there. She is beginning early to use her sweet voice to good purpose, which will surely be gratifying news to her grandfather, the Rev. D. W. Connor of Palestine, Ill., by whom she was baptized on New Year's Sunday. Miss Doris made the good confession during the recent revival at the First Christian church of this city, and with her parents, Mr. and Mrs. W. E. Goforth, traveled five hundred miles to her grandfather's home to be baptized by him, in the church of which he is pastor, which was done on Sunday, January 5.

Visiting in Parnell.

Mrs. Frank Reavis went to Parnell Friday to visit her parents, Mr. and Mrs. A. A. Thummel.

Mrs. Charles Martin and son of St. Joseph returned to their home Friday evening from a week's visit in Maryville with her sister-in-law, Mrs. Nora Willets, who continues very ill.

Mrs. Ann Curless, who lives at the county infirmary, went to Gentry Friday to visit Mrs. Lola Parks and Mrs. Jennie Glasgow.

News of Society and Womens' Clubs

Music Club Monday.

The music department of the Twentieth Century club will meet Monday afternoon at the home of Mrs. D. J. Thomas.

Dance at the Opera House.

The new opera house at Conception Junction was opened Thursday night with a dance. Ninety couples were in attendance and it was the social event of the season.

Masquerade at Parnell.

The social set turned out in full force to a masquerade ball given at the Parnell opera house Friday night. Miss Anna Freeda was awarded the lady's prize for the most appropriate costume and Harvey Wilson captured the men's prize.

Entertained the Newlyweds.

Mrs. Leo Butler entertained the Newlyweds Embroidery club Wednesday afternoon, at its usual meeting. The members present were Mrs. Frank Reavis, Mrs. Jesse Paulette, Mrs. Fred Harbison, Mrs. Glenn Goff, Mrs. Cleve Moyer, Mrs. Chester Bennett.

Are Here on Honeymoon Trip.

Mr. and Mrs. Joseph Hurley of Edgeley, N. D., who were married Thursday, arrived in Maryville Saturday for a visit with Mrs. Hurley's parents, Mr. and Mrs. J. M. Conley, who live on North Main street. Mrs. Hurley was Miss Iva Conley. The wedding was a surprise to her parents.

For Kansas City Visitor.

Mrs. James B. Robinson entertained informally Thursday evening as a courtesy to Mrs. F. F. McClure of Kansas City, who is the guest of Mrs. W. M. Wallis, Jr. Besides Mrs. McClure and her hostess were Mrs. J. R. Brink, Miss Marie Brink, Mrs. Charles Jackson, Miss Mabel Martin and Miss Lela Chilton of St. Joseph.

Sunday Guests at Hollywood.

Mr. and Mrs. Ellis Cook returned Friday noon from their three weeks' trip to California. Last Sunday evening they were dinner guests of Mr. and Mrs. Harry M. Irwin in Hollywood, Calif., who located there recently from Maryville. The Irwins live in one of the most beautiful towns in the United States and are happy and prosperous. Mr. and Mrs. Cook had a delightful trip and also visited in ElPaso, Texas, on their way home. They took an ocean trip from Portland to San Francisco and were in a storm on the ocean, an experience they do not care to repeat.

Athletes Have Great "Feed."

The members of the Normal basketball team, and their coach, V. I. Moore, were entertained at six o'clock dinner Thursday night by Mr. and Mrs. John H. Anderson of Grand Avenue. Mr. Anderson is manager of the team and following the dinner the team decided that he was as well able to fix out a tempting menu for hungry athletes as he is to manage the finances of a basketball team. Those present were Coach V. I. Moore, Captain Fred Vandersloot, Lem Daise, Lona Perrin, H. K. Taylor, Jr., Ralph McClintock, Vern Seymour, Mr. Jack Anderson, little Miss Orrell Anderson and the host.

For Brother's Birthday.

Miss Lucile Holmes gave a three course luncheon Friday evening at six o'clock, to honor the birthday anniversary of her brother, G. B. Holmes, Jr. Miss Lucile prepared the luncheon, but was assisted in serving and entertaining by her cousin, Miss Helen Burris. After luncheon the guests attended the basketball game at the state Normal gym between the Missouri Wesleyan and state Normal teams. The company included G. B. Holmes, Jr., Miss Babe Holt, Mr. Wilford White, Miss Mary Martin, Miss Eva Rogers, Mr. Robert Burris, Miss Helen Burris, Mr. Chastain Harrel, and the hostess.

Track Meet for Senior Class.

The social festivities for the senior class of the Northwest Normal will open Saturday evening at the home of Mr. and Mrs. J. H. Petree, 614 West Normal avenue, when their daughter, Miss Addie Petree, will be one of the hostesses of the class, at an indoor track meet. Assisting Miss Petree will be Miss Ruth Beggs, Mrs. Nellie Dale, Clarence Jones, Miss Verda Miller, Miss Elsie Smith, Miss Ona Alley and Miss Edith Neal. A two-course luncheon will be one of the interesting features of the affair. The members of the class are James A. Ferris, president; Clarence Jones, vice president; Miss Alice Fickland, vice president; Frank Miller, corresponding secretary; Miss Addie Petree, treasurer; Miss Nora Neal, Miss Ruth Beggs, J. T. Collier, Miss Elsie Dunn, Miss Etta Greene, Miss Ona Alley, Miss Georgia Wood, Miss Elsie Smith, Miss Ellen Rowlett, Miss Ruth Ramey, Miss Elizabeth McCormick, Miss Juanita Judy, Miss Josephine Keeler, Miss Neva Airy, Ray Cook, Miss Mamie Kane, Miss Edith Neal, L. A. Zeliff, Miss Laura Ozenberger, Miss Jeannette Cottrill, Miss Myra Hull, Miss Lillis Knappenberger, Mrs. Nellie Dale, Miss Dollie McDonald, Miss Helene Young, Miss Mabel Wells, Miss Verda Miller.

Talked of "Old" High School Days.

Miss Mildred Jean Robinson, daughter of Mr. and Mrs. F. P. Robinson, entertained at 6 o'clock dinner Friday evening, her guests comprising the members of the midwinter graduating class of the high school, with whom she was graduated last week. A six-course dinner was served. The table was very attractive in decorations of red and white, the class flower, red carnations, being much in evidence and were the favors. The table was lighted by small red candles at each plate, and at the corners by large red candles in crystal holders, with red shades. Each course of the menu was in the same colors. After dinner the guests repaired to the parlor, and with only the open fireplace for a light they sat and told stories and sang songs of their high school days that are now forever gone, and told one another of their plans for the future, which are solemn secrets so far, and they also agreed to be the dignified alumni they are expected to be from now on. The great ambitions they expressed to one another would be quite startling if they were known, for they are beyond what Maryville high school boys and girls have yet attained (and many are indeed great, we know), and it is to be hoped that they may realize all the things they have in mind to be and do. Lest we forget them, in the rush of other things and people that come and go, we will give their names again before they become identified with colleges and universities: Carrie Margaret Baker, Hazel Everhart, Glen Hotchkiss, Vera Tilson, Mildred Robinson, Hermion Fisher, Helen Helpiy, Blanche Shipps, Robert Luther Brown, Theodore Robinson, Edward Gray.

Dr. Hartman Says:

Write to Peruna Testimonials If You Want to Know the Truth.

The following letter was received by Dr. Hartman through his regular correspondence:

"I notice the testimonial of Mrs. Alice Bogle, which you give in your last article. If I should write her do you suppose she would give me further particulars? I have heard it said many times that such testimonials are fakes; that they are either absolutely fictitious or else the people have been hired to write them. I have been inclined to write you a great many times but these stories about patent medicine advertisements have discouraged me from doing so. I am afflicted with catarrh and should like very much to find a remedy such as your article describes."

To the above letter Dr. Hartman made the following reply:

My dear Madam:—I do not wonder that you are confused and have lost all faith in advertised remedies. There has been so much said against them, so much controversy concerning them, I am not surprised that some people have lost confidence in them.

I wish you would write Mrs. Bogle, as one woman to another. I wish you would ask her whether she has been hired to write such a testimonial, whether her testimonial represents the truth.

I hope you will remember that she is a housewife, like yourself, that she has something to do besides write letters, that she is a woman of moderate means and cannot afford to write these letters and pay her own postage. I hope you will enclose stamp so she can answer you without loss to herself. Mrs. Bogle is a very estimable lady and no doubt you will both profit by being acquainted with each other.

Should you conclude to try Peruna for your catarrh I would be very glad to hear of the result. I can assure you that no use will be made of your letter, except by your written consent. Mrs. Bogle very kindly consented to have me use her letter, which is my reason for doing so, and you will be treated exactly as she has been.

People recover from chronic catarrh who take Peruna. There is no doubt about that. Some surprising recoveries are reported almost daily. I have thousands of them in my files. PERUNA IS FOR SALE AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

SIX-YEAR TERM BILL UNAMENDED

Senate Defeats Every Effort to Alter Works' Measure.

POPULAR VOTE PLAN BEATEN.

Turned Down by Thirty-five to Thirty-two Ballots—Opponents of Constitutional Change Mustering Strength. Roosevelt Often Mentioned.

Washington, Feb. 1.—The senate defeated every attempt to amend the Works single six-year presidential term resolution. When a recess was taken it appeared certain that a final vote on the proposed constitutional amendment would be reached today and its opponents were mustering all possible strength to defeat it.

As the measure emerged from the fight in the senate it still provides for one term of six years for the chief executive and makes ineligible to reelection any persons who in the past had held the office by election or by succession. The closest votes of the day came on Senator Owen's amendment for a popular vote on president and vice president, defeated 35 to 32, and Senator Paynter's amendment to lengthen to six years the term of the president who might be in office when the constitutional amendment finally was ratified. This was defeated, 36 to 30.

Present Company Not Excepted.

Proposals for two four-year terms and one four-year term, suggestions to modify the resolution so it would not affect Taft, Wilson or Roosevelt, and amendments to make it apply only to presidents elected after its ratification, were all defeated by large majorities.

Progressives and Republicans who declared themselves friendly to Colonel Roosevelt again led a fight against the entire resolution. The Progressives declared it was against American governmental principles to limit the right of the people to choose a president. Senator Crawford insisted it was aimed at Colonel Roosevelt.

Not Afraid of Despot.

"We are asking the American people to foreclose themselves of the right to call into the service the man of the hour during a crisis upon which the very destiny of the republic may be hanging," declared Senator Crawford. "We have no fear of a despot."

"No, we are not afraid of a despot," retorted Senator Williams, "neither was any other fool nation that ever existed until after they had got him."

The debate centered about the declaration by Senator Williams that unless such amendments were adopted as to make Roosevelt, Taft and Wilson eligible for another term the friends of Roosevelt and others might oppose ratification of the constitutional amendment by the states.

"Whatever might be the motives of those who oppose the amendment," Senator Williams said, "they would be able to say to the people:

"'They are after one man's scalp; he received more than 2,000,000 votes of the American people and now they are trying to make him ineligible.'"

THORPE JOINS GIANT TEAM

New York, Feb. 1.—James Thorpe, called by the king of Sweden "the greatest living athlete," recently declared a professional, accepted a contract to play baseball with the New York National league club. He will report to Manager McGraw on Feb. 16 and will go to Marlin to train with the rest of the team.

Kansas Proposes to Recall Judges.

Topeka, Feb. 1.—With a provision extending its operation to district and supreme court judges, the Kansas house passed a constitutional amendment for the recall of public officers. The measures provides that a petition of 25 per cent of the voters can force a recall election on all elective officers in the state as well as district and supreme court judges.

No Special Parcel Post Examinations.

Washington, Feb. 1.—Advertisements of correspondence schools to the effect that thousands of appointments would be made to positions in the parcel post system have resulted in the civil service commission being flooded with letters of inquiry from all parts of the country. "No such increase is contemplated," said the commission.

Women Making Marching Gowns.

Washington, Feb. 1.—There was a slight lull in suffragism, for the militant members put aside their shields and bucklers and took up the bodkin and the needle to prepare for the parade March 3. The women were preparing the official gowns to be worn when they march down Pennsylvania avenue in the petticoated parade.

Rockefeller Leaves Southern Pacific.

New York, Feb. 1.—As another step preliminary to carrying out the recent dissolution decree in the Southern Pacific-Union Pacific case, William Rockefeller resigned as a director of the Southern Pacific. The vacancy was not filled.

KEY PITTMAN.

Elected United States Senator From Nevada to Succeed Senator Massey.

Having obtained the primary indorsement, Key Pittman, Democrat, was elected United States senator by the Nevada legislature to succeed Senator W. A. Massey, Republican. His term will expire in 1917. Pittman defeated Senator Massey at the primaries by the close margin of eighty-nine votes.

STOCK YARDS SPECIAL HELD UP IN CHICAGO

Bandit Gets Away With Bag of Cash From Express Car.

Chicago, Feb. 1.—A bandit, disguised by a handkerchief tied over the lower part of his face, robbed the safe of an express car here and escaped with a bag of currency, thought to contain several thousand dollars.

The car was attached to a local special express train of the Pennsylvania railroad. The bandit compelled the express messenger to open the safe at the point of a revolver. The conductor of the train seized the thief as he was about to leap from the car, but the man felled him with a blow of his fist. The conductor fired two shots after him, but he apparently was unhurt.

The robbed train is known as the "stock yards special." It is used to carry money and valuable express matter between the Union Stock yards and the downtown district.

The loot obtained by the robber consisted in part of two packages of railroad pay checks, amounting to $8,000, and a package of currency containing $1,000, billed to Des Moines.

CONVENTION OF HOBOES

Petition Congress to Provide Work for Unemployed.

New Orleans, Feb. 1.—After wrangling for two days over socialism and engaging in lively personalities over questions relating to the administration of the organization's affairs, the national hobo convention got down to work and decided to petition congress to do a few things they believe will give employment to the thousands of idle men of the country.

They want congress to bring to this country the machinery now employed in the construction of the Panama canal and use it in the reclamation of lands. They want the federal and state governments to enter upon a more extensive plan of good roads work and congress to put a check on immigration until the government can find work for the unemployed in this country. President Jefferson Davis and Miss Cora D. Harvey of Kansas City, who styles herself the "hobo secretary," addressed the convention in favor of the resolution in reference to canal machinery.

Morrin and Barry's Friends File Bonds

St. Louis, Feb. 1.—Politicians, saloon keepers and a professional bondsman qualified before Commissioner Irvine as surety for the release of J. H. Barry and Paul Morrin, both of St. Louis, in the federal prison at Leavenworth for complicity in the McNamara dynamite plot. The papers will be forwarded to the United States circuit court in Chicago for approval. Morrin's bond is $30,000 and Barry's $40,000.

Morrison Sent to Rankin.

Washington, Feb. 1.—Samuel Gompers, president of the American Federation of Labor, after a conference here with the representatives of the steel and iron strikers at the Rankin and Braddock (Pa.) plants of the American Steel and Wire company, sent Frank Morrison, secretary of the federation, to take charge of the situation at once.

Head of Denver Mint Accused.

Denver, Feb. 1.—Violation of the civil service rules and political favoritism are among charges made against Frank M. Downer (Rep.), superintendent of the Denver mint, in a complaint filed with the United States mint bureau at Washington, according to announcement made here.

TRADE REVIEW FOR THE WEEK

Business Expansion Maintained First Month of Year.

SOME UNFAVORABLE FACTORS

Steel Trade So Active That Only Inability of Mills to Make Prompt Deliveries Prevents Further Growth. Security Markets Quiet.

New York, Feb. 1.—Dun's Review of Trade says: The business expansion which began in 1912 was maintained steadily throughout the first month of the new year and reports from various sections continue satisfactory. Weather conditions affected distribution adversely in certain industries and tariff uncertainty is responsible for conservative buying in some lines. Labor troubles have interfered with the demands for materials used in the manufacture of clothing, but the general effect on the dry goods trade is comparatively slight.

The iron and steel trade continues so active that only the inability of the mills to make prompt delivery prevents further expansion. The open winter has been favorable for new building and important construction work is in prospect.

In view of the large excess of merchandise exports from this country in the last year, the fact that we have recently sent over $15,000,000 of gold out of the country is regarded as an unusual development. Our own securities markets are quiet.

Bradstreet's Trade Review.

Bradstreet's says: Though trends are running in a favorable direction, there is enough irregularity to divest the situation of uniformity. Over and beyond all is the fact that the larger centers of distribution continue to do remarkably well, this being most patent in cereal-producing regions that were favored by heavy crops. Comparatively few places can boast of good seasonable retail trade. Money is easy, funds are returning from the interior in volume and western banks are liberal buyers of commercial paper. The stock market appears to have been heavily oversold, but most of the activity has been contributed by a few stocks.

Failures for the week were 361.

Wheat exports for the week aggregate 5,370,916 bushels.

CONSERVATION OF CATTLE

Stockmen Ask for Law to Prevent Killing Cows and Heifers.

Kansas City, Feb. 1.—Letters urging the conservation of the cattle of the country so that the supply of beef will meet the demands of an increasing number of consumers were sent from here by R. P. Woodbury, secretary of the National Live Stock exchange, to the governors of all states in which legislatures are in session.

Legislation is asked for forbidding the slaughter or sale for slaughter of heifer calves or cows under three years of age, except those unfit for breeding purposes.

Mr. Woodbury also urged the leading live stockmen of the country to work for the proposed legislation.

HITS LAW TECHNICALITIES.

Motion for New Trial Would Be Abolished by Proposed Legislation—Plan is to Hasten Justice.

Jefferson City, Jan. 30.—Nine bills intended to dethrone old "King Technicality" and to cure the evils of the law's delays in Missouri courts will be introduced in the senate tomorrow by Senator Alroy S. Phillips. These measures are recommended by the special committee of the Missouri Bar association and are based upon the observations of the members of the committee and the investigations of the English system of jurisprudence by John D. Lawson, former dean of the law department of Missouri university.

On the committee are Judge J. M. Johnson of the Kansas City court of appeals; P. Taylor Bryan of St. Louis and John D. Lawson. One of the most drastic recommendations is a measure empowering circuit judges to comment upon the evidence as is don in the federal courts. These bills are so hinged together that the whole process in getting a decision in a case either by the jury or appellate courts is hastened.

These measures knock out the bill of exceptions, the motion for new trial, all frivolous demurrers, requires returns to original writs in the lower court to be made to a day certain; for the speedy construction of contracts, wills laws and constitutional amendments, and for the immediate transfer of cases filed in the wrong court to the right one.

PREPARING TO RENEW FIGHTING

Allies and Turks Get Ready to Resume Hostilities.

BOTH SIDES MAY BE BLUFFING

Allies Expect to Storm Adrianople. Besieged City Well Supplied With Provisions and Ammunition, According to Deserters.

London, Feb. 1.—The Balkan allies and the Turks are making active preparations to resume hostilities in southeastern Europe.

The delegates of the allies to the peace conference here are saying farewell and packing their baggage preparatory to departing from London. A news agency dispatch received here from Constantinople reported that the Turkish delegates had been ordered home, but the command has not yet been received here. The good offices of the powers to avert a further resort to arms apparently have failed thus far.

Even at this late hour each side to the dispute is accusing the other of bluffing. The Turks declare that in their last note to the powers the allies were given greater concessions as a basis for resuming the peace negotiations than they had expected would be made them at the commencement of the peace negotiations. The allies practically admit this, but say that terms which would have been acceptable even a fortnight ago cannot now be entertained and that the Turkish game obviously is to lead them by the nose for months, counting on their possible exhaustion and hoping that complications will arise to favor Turkey.

Turkish Trick Resented.

Dr. Danoff, head of the Bulgarian delegation, said that the feelings of the Balkan populations must be considered. Excitement among them, he declares, had reached the highest degree against their "fraudulent treatment" by a handful of Young Turk conspirators, who had attempted to play with the decision of Europe and the honor, prestige and lives of the Balkan peoples.

The exchange of communications between the representatives of the powers was active. The British government will be greatly disappointed if the conference results in a failure, especially after the optimistic statements uttered on several occasions by Premier Asquith.

Expect to Storm Ardianople.

Sofia, Bulgaria, Feb. 1.—It is believed that the Bulgarian and Servian troops besieging the fortress of Adrianople purpose to take the place by storm, regardless of the sacrifice of life such an attack would entail.

Bulgarian army headquarters announced that no foreign military attaches or newspaper correspondents would be allowed to follow the forthcoming operations, and this is taken as an indication that such an attack is contemplated.

Adrianople is well supplied with provisions and ammunition, according to soldiers who deserted.

CASTRO FURNISHES BAIL

Released for Few Days Under Habeas Corpus Writ.

New York, Feb. 1.—Cipriano Castro, former president of Venezuela, walked the streets of New York, temporarily a free man, under a writ of habeas corpus issued by Judge Holt in the federal court. Argument on the question of making the writ permanent will be heard Friday next.

A surety company furnished the $500 bail. The case was brought before Judge Holt as the result of the refusal of the department of commerce and labor to admit the general to this country. His lawyers pointed out that Castro had already been held at Ellis Island for several weeks "in a manner sufficiently outrageous to satisfy the vindictiveness of any one."

District Attorney Wise vigorously opposed the application for bail, arguing that even temporary liberty to Castro would defeat the purpose of the department in the steps it has already taken. The court, however, sustained the application and fixed next Friday for hearing arguments.

Followed by a curious crowd Castro went immediately to a hotel, where he had engaged a suite. He was all smiles and beaming with happiness as he invited photographers to surround him as he posed for his picture. In a statement Castro bitterly attacked the Washington authorities for excluding him. He is to speak Wednesday night at a dinner of the Northwestern society, at which John Hays Hammond is to preside.

Oil Advances Another Seven Cents.

Pittsburgh, Feb. 1.—The rapid advance in the price of the principal grades of crude oil was continued, when at the opening of the market another 7 cents was tacked to the price, making Pennsylvania crude, the basis of oil values, $2.40.

West Virginia for Income Tax.

Charleston, W. Va., Feb. 1.—By a unanimous vote the West Virginia legislature ratified the income tax amendment to the federal constitution. The vote of but one other state is needed to make the amendment constitutional.

COUNTRY GETS ROAD CASH.

Missouri House Passes Bill for Distribution of Fund.

Jefferson City, Jan. 31.—The first tilt over road legislation came in the senate today over the engrossment of one of Senator Craig's bills which provides for an equal distribution of the motor car taxes and option stamp sales to the various counties of the state and the city of St. Louis, amounting to about $275,000 for the biennial period. It also provides that such funds can only be used in the construction of permanently improved roads.

Senator Craig objected to an equal distribution. He said Nodaway county is four times the size of Worth county, adjoining, has four times the mileage of roads and yet would receive no more money than Worth under the Carter bill.

Senator Phillips said if the funds were to be distributed on the basis of road mileage or contributions to the fund that Kansas City and St. Louis would be entitled to a very large per cent of the funds, as those cities pay practically all of the stamp tax and fully one-half the motor car tax. He supported the bill, however, as did also Senator Brunk. Brunk said that St. Louis would not be able to get any of the money, owing to a proviso which would first require a special levy of 25 cents on the $100 to qualify.

Senator Casey said he was opposed to the unfair method of distributing the funds. The bill was ordered engrossed by a large majority, more than enough to pass it.

SCIENTIFIC SOIL DATA.

Bulletins Issued by S. M. Jordan Are to Be Distributed at Expense of Bankers.

According to the Kansas City Star, if agriculture does not come to the front in Missouri it will not be the fault of the Missouri Bankers' association. More than a thousand bankers in the state will see that bulletins on good farming practice issued by S. M. Jordan, the Pettis county soil expert, reach the farmers in all counties.

The bulletins to be issued by Mr. Jordan will give timely advice on farm management and the handling of crops. The bankers will distribute the literature. A committee of bankers is now polling the newspapers of the state to see how many publishers will print the Jordan bulletins entire.

A bulletin just issued by Mr. Jordan calls attention to the necessity of having clover seed tested, since the indications are that a very large amount of land will be used for clover this year. Clover seed will be tested free of charge in the seed testing laboratory of the Missouri agricultural college at Columbia, Mo.

"Some samples that have been left at my office," Mr. Jordan said, "have contained from 5 per cent to 20 per cent of other seeds and trash, but this foreign seed, such as foxtail, pepper grass, buckhorn, bracted plaintain, timothy, etc., come too high when you are paying clover seed prices for them. If you sow bad clover seed it is your fault."

The Pettis county farm bureau was the first of its kind established in Missouri. Mr. Jordan helps the farmers of the county to solve every problem.

Farm bureaus similar to that in Pettis county have been established, or are being established, in a dozen counties in Missouri. It is believed that the county farm bureau, with an agricultural adviser in charge, represents the long sought method of effectively and surely solving the many problems which confront the rural communities of the United States. The plan started in the south several years ago in order to combat the boll wevil, which was attacking the cotton crop. With some changes it has spread to the northern agricultural states and is proving effective.

Some Old Coins.

Some of our contemporaries are boasting about old and valuable coins that some of their patrons have, but the Elmo Register thinks that J. C. Piper of Elmo has them all beaten. Below is a partial list of some of the rare coins he owns.

One silver dollar 1794.
One silver half dollar 1795.
One silver quarter dollar 1806.
One silver dime 1796.
One cent 1783 with the motto "Mind your business."
Half-cent piece 1793.
Half-cent piece 1795.
Half-cent piece 1797.
He has also the following Colonial coins, all cent pieces:
Connecticut 1785.
New Jersey 1786.
New York 1781.
Washington cent 1783.

Some of these coins are rare and valuable and Mr. Piper's collection is doubtless one of the best in the country. He has many stamps also, some of which are very rare.

Mrs. B. F. Anderson of Kansas City arrived in Maryville Friday noon on a visit to Maryville friends, and is at the home of Mr. and Mrs. John W. Airy.

GET A TEN CENT BOX OF CASCARETS

Insures You For Months Against a Sick Headache, Biliousness, Constipation or a Bad Stomach.

Put aside—just once—the Salts, Cathartic Pills, Castor Oils or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, Indigestion, Sour Stomach or Constipated bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

HYOMEI INHALER FOR CATARRH?

If You Own One

Then you ought to know that druggists everywhere will hand you a bottle of Booth's HYOMEI for only 50 cents. Pour a few drops of HYOMEI into the inhaler and start this very day to breathe the healing Balsamaic vapor and destroy the Catarrh germs.

With every package of Booth's HYOMEI comes a little booklet which explains how easy it is to end the misery of Catarrh and Croup. It is made of Australian Eucalyptus and contains no harmful drug.

But best of all Orear-Henry Drug Co. is authorized to refund your money if you are dissatisfied. If you haven't the HYOMEI inhaler ask for the complete outfit, $1.00. Just breathe it—no stomach dosing.—Advertisement.

Announce Birth of Daughter.

Mr. and Mrs. S. B. Moore, South Market street, announce the birth of a daughter, Saturday morning, Feb. 1.

Mrs. Ellis Thompson and daughters, Marie and Katherine, of Hopkins, arrived Friday evening to visit until Sunday evening with Mrs. Thompson's sister, Mrs. Edward Egley and family north of Maryville.

Little Miss Agnes Lager of Clyde, who was operated on for throat trouble at St. Francis hospital Wednesday, returned home Friday.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

HAD A BIG TIME

PICKERING HAD FARMERS' INSTITUTE ON FRIDAY.

TALKS ON FARM LIFE

And Agricultural Problems, Also Domestic Science—Many Present at Institute From Maryville.

Had it been a bunch of happy school girls waiting for the Burlington train at Pickering Friday afternoon there would have been numberless enthusiastic yells sent up for Pickering. Instead, it was the Mothers' Circle of Maryville expressing words of appreciation for the courteous treatment and entertainment given them by the Pickering Mothers' club.

Zero weather did not in the least chill the hospitality of the Pickering ladies. A reception committee of four ladies, Mrs. C. A. Wolfers, Mrs. C. G. McMillen, Mrs. Laura Watson and Mrs. O. G. Null, met them at the train and soon after led the way to the hotel, where they were greeted by the Pickering club president, Mrs. Howard Wray, and others of their club. Each visiting lady was tagged with a purple and white tag bearing her name, and as their hostesses were likewise tagged, all felt acquainted at once and talked together freely, as each could call the other by name.

The visitors were then led to the dining room where a luncheon was served in cafeterian style. A luncheon, the Pickering ladies called it, but their visitors say it was a dinner, a regular banquet. There was pressed chicken, bread and butter sandwiches, baked beans, pickles, Waldorf salad, light and dark cake and coffee, everything in abundance, and prepared the best of anything you ever ate. The diners renewed old acquaintances and formed many new ones during this time together.

After this all went to the M. E. church, where a program was given for the ladies, the principal part being the address by Miss Nellie Nesbitt of the domestic science department of the state university, who was introduced by Mrs. Howard Wray. Miss Nesbitt talked of salads and salad dressings. Her talk was interesting to every woman there, and she managed to say many other things on the side that were especially instructive. The program opened with prayer, led by Mrs. C. A. Wolfers. Two songs were then given, one by Rowena Hull and one by Miss Beulah Everhart. After Miss Nesbitt's address Raymond Garten sang a song.

At 2:30 the men who had come to hear J. Kelley Wright at the school house, who had addressed them on agricultural themes joined the women's meeting at the church, and the program had to be changed some to suit conditions, as Mr. Wright could not stay to speak at night, as had been expected.

After a solo by Mrs. Roy Wolfers, Mr. Wright was introduced by Professor Summerville of the Pickering schools. He talked so interestingly of the country schools as they are and as they should be made that his auditors would not let him go until train time, doing away with everything on the program but his talk. He said that every man should leave his land to the next generation as rich as he had found it; that there was a way to do this, and he could easily find out how to do it if he but tried.

But time and tide wait for no man," neither does the Burlington train, so the first visit of the Maryville Circle to the Pickering club, short, pleasant and profitable, was at an end.

Another program was given at the M. E. church in the evening, when Mr. Smoot, another member of the state board of agriculture, spoke in the evening, after Rev. Dueker, pastor of the church, led the prayer. Mrs. Roy Wolfers sang a solo at this service, and Misses Chloe Neal and Irene Burks gave a piano duet and Miss Edith Neal a piano solo. Miss Nellie Nesbitt suoke again in a general way on the subject of domestic science, presenting it in such a way as to make her talk as interesting to the men as was the talk of Mr. Smoot.

At the close of the program the prizes in the domestic science and corn contests were presented to the winner by Rev. H. J. Dueker in a very pleasant speech. The prizes were awarded as follows:

Bread—First prize, Mayme Vinzant.

White cake—First prize, Mary Crowson.

Loaf cake—First prize, Esther Pfeiffer; second prize, Nellie Clayton.

Best dressed doll—1st prize, Hazel Gray; 2d prize, Myrtle Pfeiffer.

For best plan for five-room cottage—1st prize, Albert Hinton; 2d prize, Russel Neal; 3d prize, Miss Cleva Neal.

Five reasons why it is better to pay accounts by checks than by cash—James Clayton, 1st prize; C. B. Leach, second prize.

Best ten ears of corn—1st prize, Russell Clayton; 2d prize, Dale Wiley.

The ladies of the Pickering Mothers' club, who were the hastesses of Friday afternoon were Mrs. Howard Wray, Mrs. C. A. Wolfers, Mrs. Roy Wolfers, Mrs. Laura Watson, Mrs. E. L. Crowson, Mrs. Roland Wray, Mrs. John McGuire, Mrs. Henry Rutherford, Mrs. C. G. McMillen, Mrs. O. G. Null, Mrs. W. E. Hinton, Mrs. Lester Hood, Mrs. Gordon Swinford, Mrs. Charles Alexander, Mrs. Eliza A. Shreves, Mrs. Curtis Hull, Mrs. J. S. Garten, Mrs. George Smith, Mrs. W. R. McKee, Mrs. W. A. Burks, Mrs. J. E. Rickard, Mrs. Alonzo Fine, Mrs. Joseph Everhart.

LOOKS LIKE THEY MAY GO.

Offer of Maryville's Ladies Band Sounds Good to the Suffragettes at Washington.

Miss Alma Nash, director of the Maryville ladies band, received another telegram Saturday morning from the chairman of the band committee for the National Woman's Suffrage parade to be given in Washington, D. C., the day before the inauguration of President-elect Woodrow Wilson, which shows that she has her eye on the Maryville girls so strongly that everything is going to be done towards securing them a place in the parade.

The correspondence between the women "powers that be" at Washington and Miss Nash is getting to be entirely by telegram now, and business is getting quick and earnest. The message of Saturday morning reads:

"Please send references and recommendations. Have you ever marched? We are greatly interested to have a band of women who believe in suffrage and will give their services. Will find out how much money is needed for expenses and will help raise it if we can."

The Wabash railway is figuring on a special rate and car for Maryville girls and as soon as the special rate can be made for them, the Washington women will be notified. Several Maryville people are getting interested enough to contribute something for the girls expenses, which is rather an indication that some of our people are sort of favoring woman suffrage.

WHAT IS IT GOING TO BE?

Mr. Groundhog Will Tell You All About It Sunday.

Sunday Mr. Groundhog is expected in Maryville to deliver an opinion in the ever-increasing question, "What shall the weather be?" There are many who pin their faith to the little fellow, and who claim to know that he is right, because they have kept close tab on him.

There are other good citizens here who do not share these opinions. Some, who like to agree with everybody as far as possible, are not saying much one way or the other, but they have signs and tokens and omens of their own. Others again are apt to be quite outspoken and to denounce Mr. Groundhog as an arrant old humbug. They are ready to concede, however, that we are going to have weather in the near future, and they are willing to go farther and concede that some day we shall be able to foretell the kind of weather that we are going to have here next week or next month or in six months. And they opine that as we continue to navigate the air, and as we continue to study electricity, perhaps we shall acquire sufficient knowledge to enable us to peer into the future with a greater measure of success than that achieved perhaps by the Rev. Irl Hicks of St. Louis.

And there are still some who yesterday laughed at all the others, and cheerfully informed them that they are wasting their time, and that the whole problem has been solved and that spring was here, right here in Maryville, and has been here almost a week. But today these wise ones are telling another story.

Sunday Mr. Groundhog will come out from his winter home, and if the sun is shining he will see his shadow and go back to his hibernating place and remain there for six weeks and winter will continue for that length of time.

WAS IN FAILING MIND

Guilford Aged Farmer Discovered in Corn Field Clad in His Night Shirt and Frozen to Death.

Thomas Moore, an aged farmer living six miles southeast of Guilford, met his death Friday night from exposure to the extreme cold weather. The deceased was about 85 years of age and made his home with his bachelor son, T. B. Moore, a middle-aged farmer.

Friday night father and son retired as usual. Shortly before midnight the younger Moore awoke and discovered that his father was missing. For the past year the aged man's mind had been failing, and the son at once feared that his father had wandered from the house and set out to search for him. He sought until 3 o'clock Saturday morning in vain.

Mr. Moore then summoned the neighbors, who entered in the search, and about daybreak Saturday morning the unfortunate old man was found frozen to death in the corner of a cornfield, some three-quarters of a mile from his home.

When found he was clad in his night clothing and shoes, and his condition evidenced that he had been dead for several hours.

CHARLES L. BEECH. BANKER.

A Maryville Boy Continues to Make Good at Clarinda—Son of Our Worthy Postmaster.

This week's Clarinda (Ia.) Herald contains announcement of the retirement of Charles L. Beech as proprietor of the Leader, the big department store at Clarinda, to engage in the banking business there.

Mr. Beech is the oldest son of Mr. and Mrs. S. R. Beech of Maryville. He has made a good place for himself in the substantial commercial life of Southwestern Iowa, all through his own efforts, and The Democrat-Forum takes pride in noting his latest advancement.

Charles Beech and his Maryville boyhood chum, Charles Wade of Fairfield, Ia., have met with about the same success and are as near alike as two peas, though each says he is not able to trot in the same class with the other (always and always preferring one another in honor), and we are glad to take off our hats to them. The Clarinda Herald had the following to say of Charley Beech:

C. L. Beech, former proprietor of the Leader store, has purchased stock in the Page County State bank, and tomorrow morning will enter that institution for active work. Br. Beech is a thorough business man and admirably adapted for banking duties. His retiring from the Leader has left him free to take up other business, and it happened that he was offered an opportunity to purchase some stock in the Page County State bank, and that there was an opening in that bank for the services of another man to help take care of the work that had become too large for the others. So the entrance of Mr. Beech into the active affairs of the bank will be a mutual benefit to himself and his associates. The people of Clarinda and vicinity are well acquainted with Mr. Beech and know him as a pleasant and reliable gentleman, and one who will naturally and properly fit into the affairs of a banking institution, and whom they will be glad to meet in such a place.

Sold Fifty Acres of Farm.

Herman W. Hull sold fifty acres off the east end of his 160-acre farm, two miles north of Maryville, Thursday, to John Anderson, who has purchased the Miles A. Nicholas farm, which joins the farm of Mr. Hull. The price received was $90 per acre. The deal was made through Brown Brothers. Mr. Anderson now has 210 acres in a body.

The Candy Kids Won.

The Candy Kids won two out of three games from the Regulars in the bowling game Friday night. Belcher had high score of 183 and also high average of 444 for three games.

WRITES OF ADVISOR

S. M. JORDAN OF PETTIS COUNTY HOPES COUNTY WILL HAVE ONE.

SOLVED MANY PROBLEMS

For the Interests of Farmers and Will Make Them Better as Business Men.

S. M. Jordan, county farm advisor of Pettis county, in writing to The Democrat-Forum, says he hopes Nodaway county will be progressive enough to employ such a man. Continuing, he says:

"Agriculture is successful to a very great degree in proportion to the solid sense employed. Prosperous and contented people are necessary to the best interests of the whole country. Successful agriculture makes all things possible. Quality of citizenship measures progress in the best methods of farming. High quality of citizenship is our first most essential farm product. Summing up, proper breeding of farm people, and training them for the highest efficiency in farming is of first importance to the nation, and it is a false economy to permit conditions that do not bring about these ends.

"Ends should be sought to put the farmer under conditions that will make of him an independent, efficient citizen and business man. He cannot be such so long as he may continue to be a renter under any system of tenancy, hence means should be worked out whereby he may most easily acquire enough land for a comfortable home.

"In the 'farm advisor' matter it might be presumed by some that somebody was butting into somebody else's business, but from all the facts everywhere, the farmer is not doing well enough, even though a good many may think that he is. Any sane man will not deny that this country is losing its soil fertility at an alarmingly rapid rate, and the man who really knows will tell you that most of this loss is entirely preventable, but is not prevented for the sole reason that the average farmer does not know how to prevent it. It might be presumed that he does not care to prevent it, but that view is entirely wrong.

"The American farmer is not doing 'well enough' when his food production is not, now at least, keeping pace with our increase in population, and he is not doing 'well enough' when he is allowing his balance of trade with other nations to grow smaller every year. Then, if he is not doing 'well enough' somebody, somewhere, some time must try to apply a remedy, and the remedy, while not a 'cure all' will most surely bring such relief.

"A man on the farm at hard work most of his time does not have the opportunity nor the inclination for studying out his own problems. He comes in the same category as the man who practices medicine. The man who transformed the crooked stick to steel did not plow ground; the man who gave us the modern cultivator did not plow corn; the man who gave us the self-binder did not bind wheat, and all the scores of other things produced to make modern farm life a pleasure were not produced by the men who actually use them, but by the mechanic who could take time to think, try, devise, plan, study, burning the midnight oil, endeavoring to solve a problem, and then how often when he had solved it, the very ones it would help the most were 'agin it.'

"The farm advisor is not really new, the plan is new to most localities, but in a more or less modified way it has been employed for many years, but under modern conditions the plan is taking a broader scope, and while no one may solve all of the farm problems for the man on the farm, with the help and co-operation of colleges of agriculture and the U. S. department of agriculture reasonable results can be secured."

Moving to Carpenter Cottage.

F. E. Whitchurch and family, who have been occupying the Burnham residence on West First street, are moving to the W. H. Carpenter cottage at 206 North Laura street.

Mrs. G. E. Morin returned to her home in Kansas City Saturday morning from a visit with her daughter, Miss Ada Morin. Mr. Morin remained for a longer visit with his daughter.

Mrs. R. E. Rupf and Mrs. D. Hays of Lenox, Iowa, visited in the city Thursday and Friday with Mrs. T. O'Beirn.

DEFEATED WESLEYAN FIVE.

Normal Team Won Game Friday Night by a Score of 50 to 22.

The Normal basket ball team defeated the Missouri Wesleyan five Friday night at the Normal gym by a score of 50 to 22. Although the score shows that the game was not very close, it was by no means a walkaway for the green and white men, and continued breaking up of dribbles and sensational team work by both teams kept the crowd of 200 on edge throughout the game. Vern Seymour, the Normal guard, scored the first point of the game with a field goal within the first minute of play, and Wesleyan soon evened the count when Heinz, at forward, caged a basket. Then Normal took the lead and was never headed, the first half ending 26 to 13 in the locals' favor. In the final period the locals went in with the slogan 'Beat them worse than Tarkio did," and with this determination in mind they played the visitors completely off their feet. The vanquished got but nine points in the second half while the teachers added 24 to their count. The Tarkio score the night before for 42 to 18, which, according to "dope," gives the locals a slight shade over Tarkio.

The entire Normal team, including the three reserves, who played the last five minutes, put up a great game, while the superb work of Captain Vandersloot and McClintoch deserve particular mention. "Van" caged nine field goals from almost every conceivable position on the floor, and counted eight free throws out of eleven chances far a grand total of 26 points. "Pig-Iron" McClintoch did equally well on the defensive. He guarded Wyckoff, the Wesleyan forward, who stands 76 inches in midair, nd later Horn, who was substituted for the giant, and neither man even threatened to get a field goal. "Buzz" Daise played a fast game at forward, and beside counting six field goals he repeatedly went down the court and broke up the opponents' dribbles.

For the Methodists, Heinz, at forward, displayed about fifty-seven varieties of form and was easily their best man. He shot six field goals and was always in the game. Cropper, at center, was a splendid jumper and repeatedly upset the Normals' signals by getting the tip at center. He counted a couple of field goals.

The details of the game follow. Line-up:

Wesleyan — Wyckoff, Horn and Heinz, forwards; Cropper, center; Freeman, Henderson and Poland, guards.

Normal—Vandersloot, Daise and Strader, forwards; Perrin and Quinn, center; McClintoch, Seymour and Taylor, guards.

Summary—Field goals, Vandersloot 9, Daise 6, Heinz 6, Perrin 4, Seymour 2, Cropper 2. Free throws, Vandersloot, 8 out of 11; Wyckoff, 4 out of 9; Horn, 3 out of 4.

Referee, Hoffman.

Umpire, Westbrook.

CASE WAS DISMISSED.

Case of Jesse A. Ringgold vs. Wm. Langan Was Settled Out of Court.

The case of Jesse A. Ringgold vs. Wm. Langan et al., on a note was settled out of court this week and the case was dismissed from the court docket. The suit was to have come up February 7 before M. E. Ford as special judge, as Judge Ellison disqualified himself as he had formed an opinion.

In the case of the Nodaway Valley bank vs. Joe and Carrie M. Younger, attachment on a note, Sheriff Tilson reports collections as follows: From light plant, $37.90; from opera house, $29.24; from dwellings, $14.50; total, $81.64. Mr. Tilson was allowed $30 for his services, and the balance, or $51.64, was held for the further order of the court.

In the assignment of W. B. Finn to F. P. Robinson as trustee, H. L. Raines and F. W. Olney were selected as appraisers to appraise property to assignee, W. B. Finn.

Nixon Farm Sold.

I. W. Nixon of this city sold on Saturday his 260-acre farm, three miles southeast of Maryville, to S. N. Mossman of St. Joseph, who will take possession March 1st. Mr. Nixon has owned this farm for thirteen years and it is one of the best improved farms in that locality. He received $80 per acre. The sale was made through Allen Bros.

THEY FARED WELL

MARYVILLE MEN BEFORE APPROPRIATIONS COMMITTEE.

INDICATIONS ARE GOOD

For the Committee to Approve Nearly Entire Appropriation the Normal is Wanting.

W. A. Blagg, president of the board of regents of the Normal school, returned Saturday noon from Jefferson City, where he had been before the appropriations committee in the interest of the Normal. Dr. H. K. Taylor, president of the Normal, and W. G. Hine of Savannah, a member of the board, were also at Jefferson City and appeared before the board. Dr. Taylor will arrive in the city Saturday night, as he gave an address at the teachers and patrons' meeting held in Guilford today.

The Maryville men and Mr. Hine urged that the school here be given the full appropriation they are requesting, $123,000. According to the report of the junketing committee that visited the Normal school recently, they stated that the only item to be cut down was that of teachers' salaries from $90,000 to $80,000. Mr. Blagg and Dr. Taylor both requested that the teachers' salaries remain at $90,000, as it was very necessary to keep up the teaching facilities of the school here with the best of the other schools.

The members of the appropriations committee did not say what they would do, but the indications are very good for the Normal to receive nearly all of the amount they are demanding.

The meeting was held at Jefferson City Friday night at 7:30 o'clock, and it was the joint meeting of the appropriations committees of the house and also the senate.

Senator Anderson Craig, who is a member of the appropriations committee of the senate and who was present at the meeting of the committee in Jefferson City last night, wired to The Democrat-Forum as follows Saturday morning.

"Maryville Normal fared much better than any of the other normals in proportion to the size of the appropriations they are demanding. Can't say more at this time."

A SPECIAL HEARING

On the County Unit Local Bill Next Week—All Other Liquor Bills Hinged on This One.

Jefferson City, Feb. 1.—The "wet" and "dry" leaders of the house yesterday afternoon agreed to set a special hearing next week for the County Unit Bill. The roll call on its passage will determine definitely the lineup of the house, whether it is wet or dry. The vote on the other liquor bills will not vary far from that on the County Unit Bill.

FIVE NEW PAPERS A DAY.

Birth Rate in the United States and Canada According to Newspaper Census.

Philadelphia, Jan. 31.—New publications came into existence during 1912 at the rate of about five a day, according to census figures compiled by the 1913 American Newspaper Annual Directory, published here today.

The exact number begun is 1,686. In the same period 1,650 were discontinued, making the net increase for the year 36, about equally divided between the United States and Canada. As in recent years, there were many consolidations. Much the largest comparative growth was in the daily field.

The publishing and printing industry, which the annual and directory represents, is one that, in number of employees, value and products, and value added by manufacture, is exceeded only by four others in the entire realm of our country's manufacture. The increase in value of output in this industry is remarkable. In ten years it was more than 86 per cent. The annual income of newspapers and publications is now estimated at $360,000,000—a million dollars a day—of which, perhaps, two-thirds is derived from advertising.

The current annual and directory describes 24,381 publications, of which 2,633 are daily; 17,285 weekly; 3,069 monthly. These are printed in 11,629 towns, which are likewise commercially described.

Publications issued in the interest of various classes and lines of business continue to be numerous. There are 208 such lists, running from the large ones, devoted to religion and agriculture, to small groups, representing sociology, woman's suffrage, cement and concrete, moving pictures, esperanto, etc. Every line of activity has its printed exponent in these days.

Miss Anna Weisenberger went to Moberly Friday, where she will be employed.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

GUILFORD NEWS ITEMS.

Miss Louisa Ballard of this place and her cousin, Mrs. Mary Miller, will leave Monday for various points in Southern California. They will stop in Ogden, Utah, and other places on the way to the coast.

Esther, the little daughter of Mr. and Mrs. Lowell Davis, continues critically ill of bronchial fever.

Will Wray had a carload of hogs on the St. Joseph market Friday.

Frank Meeker, who had a closing out sale Friday at his farm eight miles east of Guilford, has leased his farm to J. L. Skidmore, and will probably spend the coming year in Colorado for the benefit of his health.

The teachers of Washington and Grant townships met Saturday afternoon in the opera house of Guilford.

The town of Guilford is to have its fourth physician. Dr. D. A. Pollard, who retired from the practice of medicine to go into the hardware business at Barnard with Lowell Campbell, with whom he has been associated for some time, has concluded to again locate in Guilford for the practice of medicine. The other physicians there are Dr. A. D. Barnet, Dr. J. M. McClannahan and Dr. J. M. Botts.

RAVENWOOD.

Whew! isn't this a cold wind, after so much pleasant weather? But we cannot have these things our way. If we could, we would doubtless make it worse.

There is an unusual amount of sickness in this part of the county. The doctors are kept busy almost day and night. The sickness is mostly with the children. I think all the babies in Ravenwood have been sick. All reported better now. Clinton Allen, an old-timer, has been sick this week, but is better now.

This winter has been an unusual one so far. The roads are dry and hard, a fine time to haul wood and do such work.

A large amount of stock has been shipped from this place in the last ten days.

Our little city on the Platte is running along smoothly. I think all our merchants have invoiced since the beginning of the year. They still have their goods on the market, which is evidence they are pretty well satisfied with last year's sales.

A Little Singing Evangelist.

Doris Marie Goforth went to Bolckow Friday evening to visit until Sunday evening with her grandparents, Mr. and Mrs. J. H. Goforth. Miss Doris was requested to come at this time by Rev. W. A. Chapman of Rosendale, who is holding a meeting at the Christian church there, to sing at each meeting while she is there. She is beginning early to use her sweet voice to good purpose, which will surely be gratifying news to her grandfather, the Rev. D. W. Connor of Palestine, Ill., by whom she was baptized on New Year's Sunday. Miss Doris made the good confession during the recent revival at the First Christian church of this city, and with her parents, Mr. and Mrs. W. E. Goforth, traveled five hundred miles to her grandfather's home to be baptized by him, in the church of which he is pastor, which was done on Sunday, January 5.

Visiting in Parnell.

Mrs. Frank Reavis went to Parnell Friday to visit her parents, Mr. and Mrs. A. A. Thummel.

Mrs. Charles Martin and son of St. Joseph returned to their home Friday evening from a week's visit in Maryville with her sister-in-law, Mrs. Nora Willets, who continues very ill.

Mrs. Ann Curless, who lives at the county infirmary, went to Gentry Friday to visit Mrs. Lola Parks and Mrs. Jennie Glasgow.

News of Society and Womens' Clubs

Music Club Monday.

The music department of the Twentieth Century club will meet Monday afternoon at the home of Mrs. D. J. Thomas.

Dance at the Opera House.

The new opera house at Conception Junction was opened Thursday night with a dance. Ninety couples were in attendance and it was the social event of the season.

Masquerade at Parnell.

The social set turned out in full force to a masquerade ball given at the Parnell opera house Friday night. Miss Anna Freeda was awarded the lady's prize for the most appropriate costume and Harvey Wilson captured the men's prize.

Entertained the Newlyweds.

Mrs. Leo Butler entertained the Newlyweds Embroidery club Wednesday afternoon, at its usual meeting. The members present were Mrs. Frank Reavis, Mrs. Jesse Paulette, Mrs. Fred Harbison, Mrs. Glenn Goff, Mrs. Cleve Moyer, Mrs. Chester Bennett.

Are Here on Honeymoon Trip.

Mr. and Mrs. Joseph Hurley of Edgeley, N. D., who were married Thursday, arrived in Maryville Saturday for a visit with Mrs. Hurley's parents, Mr. and Mrs. J. M. Conley, who live on North Main street. Mrs. Hurley was Miss Iva Conley. The wedding was a surprise to her parents.

For Kansas City Visitor.

Mrs. James B. Robinson entertained informally Thursday evening as a courtesy to Mrs. F. F. McClure of Kansas City, who is the guest of Mrs. W. M. Wallis, Jr. Besides Mrs. McClure and her hostess were Mrs. J. R. Brink, Miss Marie Brink, Mrs. Charles Jackson, Miss Mabel Martin and Miss Lela Chilton of St. Joseph.

Sunday Guests at Hollywood.

Mr. and Mrs. Ellis Cook returned Friday noon from their three weeks' trip to California. Last Sunday evening they were dinner guests of Mr. and Mrs. Harry M. Irwin in Hollywood, Calif., who located there recently from Maryville. The Irwins live in one of the most beautiful towns in the United States and are happy and prosperous. Mr. and Mrs. Cook had a delightful trip and also visited in ElPaso, Texas, on their way home. They took an ocean trip from Portland to San Francisco and were in a storm on the ocean, an experience they do not care to repeat.

Athletes Have Great "Feed."

The members of the Normal basketball team, and their coach, V. I. Moore, were entertained at six o'clock dinner Thursday night by Mr. and Mrs. John H. Anderson of Grand Avenue. Mr. Anderson is manager of the team and following the dinner the team decided that he was as well able to fix out a tempting menu for hungry athletes as he is to manage the finances of a basketball team. Those present were Coach V. I. Moore, Captain Fred Vandersloot, Lem Daise, Lona Perrin, H. K. Taylor, Jr., Ralph McClintock, Vern Seymour, Mr. Jack Anderson, little Miss Orrell Anderson and the host.

For Brother's Birthday.

Miss Lucile Holmes gave a three course luncheon Friday evening at six o'clock, to honor the birthday anniversary of her brother, G. B. Holmes, Jr. Miss Lucile prepared the luncheon, but was assisted in serving and entertaining by her cousin, Miss Helen Burris. After luncheon the guests attended the basketball game at the state Normal gym between the Missouri Wesleyan and state Normal teams. The company included G. B. Holmes, Jr., Miss Babe Holt, Mr. Wilford White, Miss Mary Martin, Miss Eva Rogers, Mr. Robert Burris, Miss Helen Burris, Mr. Chastain Harrel, and the hostess.

Track Meet for Senior Class.

The social festivities for the senior class of the Northwest Normal will open Saturday evening at the home of Mr. and Mrs. J. H. Petree, 614 West Normal avenue, when their daughter, Miss Addie Petree, will be one of the hostesses of the class, at an indoor track meet. Assisting Miss Petree will be Miss Ruth Beggs, Mrs. Nellie Dale, Clarence Jones, Miss Verda Miller, Miss Elsie Smith, Miss Ona Alley and Miss Edith Neal. A two-course luncheon will be one of the interesting features of the affair. The members of the class are James A. Ferris, president; Clarence Jones, vice president; Miss Alice Fickland, vice president; Frank Miller, corresponding secretary; Miss Addie Petree, treasurer; Miss Nora Neal, Miss Ruth Beggs, J. T. Collier, Miss Elsie Dunn, Miss Etta Greene, Miss Ona Alley, Miss Georgia Wood, Miss Elsie Smith, Miss Ellen Rowlett, Miss Ruth Ramey, Miss Elizabeth McCormick, Miss Juanita Judy, Miss Josephine Keeler, Miss Neva Airy, Ray Cook, Miss Mamie Kane, Miss Edith Neal, L. A. Zeliff, Miss Laura Ozenberger, Miss Jeannette Cottrill, Miss Myra Hull, Miss Lillis Knappenberger, Mrs. Nellie Dale, Miss Dollie McDonald, Miss Helene Young, Miss Mabel Wells, Miss Verda Miller.

Talked of "Old" High School Days.

Miss Mildred Jean Robinson, daughter of Mr. and Mrs. F. P. Robinson, entertained at 6 o'clock dinner Friday evening, her guests comprising the members of the midwinter graduating class of the high school, with whom she was graduated last week. A six-course dinner was served. The table was very attractive in decorations of red and white, the class flower, red carnations, being much in evidence and were the favors. The table was lighted by small red candles at each plate, and at the corners by large red candles in crystal holders, with red shades. Each course of the menu was in the same colors. After dinner the guests repaired to the parlor, and with only the open fireplace for a light they sat and told stories and sang songs of their high school days that are now forever gone, and told one another of their plans for the future, which are solemn secrets so far, and they also agreed to be the dignified alumni they are expected to be from now on. The great ambitions they expressed to one another would be quite startling if they were known, for they are beyond what Maryville high school boys and girls have yet attained (and many are indeed great, we know), and it is to be hoped that they may realize all the things they have in mind to be and do. Lest we forget them, in the rush of other things and people that come and go, we will give their names again before they become identified with colleges and universities: Carrie Margaret Baker, Hazel Everhart, Glen Hotchkiss, Vera Tilson, Mildred Robinson, Hermion Fisher, Helen Helpiy, Blanche Shipps, Robert Luther Brown, Theodore Robinson, Edward Gray.

Dr. Hartman Says:

Write to Peruna Testimonials If You Want to Know the Truth.

The following letter was received by Dr. Hartman through his regular correspondence:

"I notice the testimonial of Mrs. Alice Bogle, which you give in your last article. If I should write her do you suppose she would give me further particulars? I have heard it said many times that such testimonials are fakes; that they are either absolutely fictitious or else the people have been hired to write them. I have been inclined to write you a great many times but these stories about patent medicine advertisements have discouraged me from doing so. I am afflicted with catarrh and should like very much to find a remedy such as your article describes."

To the above letter Dr. Hartman made the following reply:

My dear Madam:—I do not wonder that you are confused and have lost all faith in advertised remedies. There has been so much said against them, so much controversy concerning them, I am not surprised that some people have lost confidence in them.

I wish you would write Mrs. Bogle, as one woman to another. I wish you would ask her whether she has been hired to write such a testimonial, whether her testimonial represents the truth.

I hope you will remember that she is a housewife, like yourself, that she has something to do besides write letters, that she is a woman of moderate means and cannot afford to write these letters and pay her own postage. I hope you will enclose stamp so she can answer you without loss to herself. Mrs. Bogle is a very estimable lady and no doubt you will both profit by being acquainted with each other.

Should you conclude to try Peruna for your catarrh I would be very glad to hear of the result. I can assure you that no use will be made of your letter, except by your written consent. Mrs. Bogle very kindly consented to have me use her letter, which is my reason for doing so, and you will be treated exactly as she has been.

People recover from chronic catarrh who take Peruna. There is no doubt about that. Some surprising recoveries are reported almost daily. I have thousands of them in my files. PERUNA IS FOR SALE AT ALL DRUG STORES.

SPECIAL NOTICE—Many persons are making inquiries for the old-time Peruna. To such would say, this formula is now put out under the name of KA-TAR-NO, manufactured by KA-TAR-NO Company, Columbus, Ohio. Write them and they will be pleased to send you a free booklet.

SIX-YEAR TERM BILL UNAMENDED

Senate Defeats Every Effort to Alter Works' Measure.

POPULAR VOTE PLAN BEATEN.

Turned Down by Thirty-five to Thirty-two Ballots—Opponents of Constitutional Change Mustering Strength. Roosevelt Often Mentioned.

Washington, Feb. 1.—The senate defeated every attempt to amend the Works single six-year presidential term resolution. When a recess was taken it appeared certain that a final vote on the proposed constitutional amendment would be reached today and its opponents were mustering all possible strength to defeat it.

As the measure emerged from the fight in the senate it still provides for one term of six years for the chief executive and makes ineligible to re-election any persons who in the past had held the office by election or by succession. The closest votes of the day came on Senator Owen's amendment for a popular vote on president and vice president, defeated 35 to 32, and Senator Paynter's amendment to lengthen to six years the term of the president who might be in office when the constitutional amendment finally was ratified. This was defeated, 36 to 30.

Present Company Not Excepted.

Proposals for two four-year terms and one four-year term, suggestions to modify the resolution so it would not affect Taft, Wilson or Roosevelt, and amendments to make it apply only to presidents elected after its ratification, were all defeated by large majorities.

Progressives and Republicans who declared themselves friendly to Colonel Roosevelt again led a fight against the entire resolution. The Progressives declared it was against American governmental principles to limit the right of the people to choose a president. Senator Crawford insisted it was aimed at Colonel Roosevelt.

Not Afraid of Despot.

"We are asking the American people to foreclose themselves of the right to call into the service the man of the hour during a crisis upon which the very destiny of the republic may be hanging," declared Senator Crawford. "We have no fear of a despot."

"No, we are not afraid of a despot," retorted Senator Williams, "neither was any other fool nation that ever existed until after they had got him."

The debate centered about the declaration by Senator Williams that unless such amendments were adopted as to make Roosevelt, Taft and Wilson eligible for another term the friends of Roosevelt and others might oppose ratification of the constitutional amendment by the states.

"Whatever might be the motives of those who oppose the amendment," Senator Williams said, "they would be able to say to the people:

"'They are after one man's scalp; he received more than 2,000,000 votes of the American people and now they are trying to make him ineligible.'"

Kansas Proposes to Recall Judges.

Topeka, Feb. 1.—With a provision extending its operation to district and supreme court judges, the Kansas house passed a constitutional amendment for the recall of public officers. The measures provides that a petition of 25 per cent of the voters can force a recall election on all elective officers in the state as well as district and supreme court judges.

No Special Parcel Post Examinations.

Washington, Feb. 1.—Advertisements of correspondence schools to the effect that thousands of appointments would be made to positions in the parcel post system have resulted in the civil service commission being flooded with letters of inquiry from all parts of the country. "No such increase is contemplated," said the commission.

Women Making Marching Gowns.

Washington, Feb. 1.—There was a slight lull in suffragism, for the militant members put aside their shields and bucklers and took up the bodkin and the needle to prepare for the parade March 3. The women were preparing the official gowns to be worn when they march down Pennsylvania avenue in the petticoated parade.

Elected United States Senator From Nevada to Succeed Senator Massey.

Having obtained the primary indorsement, Key Pittman, Democrat, was elected United States senator by the Nevada legislature to succeed Senator W. A. Massey, Republican. His term will expire in 1917. Pittman defeated Senator Massey at the primaries by the close margin of eighty-nine votes.

STOCK YARDS SPECIAL HELD UP IN CHICAGO

Bandit Gets Away With Bag of Cash From Express Car.

Chicago, Feb. 1.—A bandit, disguised by a handkerchief tied over the lower part of his face, robbed the safe of an express car here and escaped with a bag of currency, thought to contain several thousand dollars.

The car was attached to a local special express train of the Pennsylvania railroad. The bandit compelled the express messenger to open the safe at the point of a revolver. The conductor of the train seized the thief as he was about to leap from the car, but the man felled him with a blow of his fist. The conductor fired two shots after him, but he apparently was unhurt.

The robbed train is known as the "stock yards special." It is used to carry money and valuable express matter between the Union Stock yards and the downtown district.

The loot obtained by the robber consisted in part of two packages of railroad pay checks, amounting to $8,000, and a package of currency containing $1,000, billed to Des Moines.

CONVENTION OF HOBOES

Petition Congress to Provide Work for Unemployed.

New Orleans, Feb. 1.—After wrangling for two days over socialism and engaging in lively personalities over questions relating to the administration of the organization's affairs, the national hobo convention got down to work and decided to petition congress to do a few things they believe will give employment to the thousands of idle men of the country.

They want congress to bring to this country the machinery now employed in the construction of the Panama canal and use it in the reclamation of lands. They want the federal and state governments to enter upon a more extensive plan of good roads work and congress to put a check on immigration until the government can find work for the unemployed in this country. President Jefferson Davis and Miss Cora D. Harvey of Kansas City, who styles herself the "hobo secretary," addressed the convention in favor of the resolution in reference to canal machinery.

Morrin and Barry's Friends File Bonds

St. Louis, Feb. 1.—Politicians, saloon keepers and a professional bondsman qualified before Commissioner Irvine as surety for the release of J. H. Barry and Paul Morrin, both of St. Louis, in the federal prison at Leavenworth for complicity in the McNamara dynamite plot. The papers will be forwarded to the United States circuit court in Chicago for approval. Morrin's bond is $30,000 and Barry's $40,000.

Morrison Sent to Rankin.

Washington, Feb. 1.—Samuel Gompers, president of the American Federation of Labor, after a conference here with the representatives of the steel and iron strikers at the Rankin and Braddock (Pa.) plants of the American Steel and Wire company, sent Frank Morrison, secretary of the federation, to take charge of the situation at once.

Head of Denver Mint Accused.

Denver, Feb. 1.—Violation of the civil service rules and political favoritism are among charges made against Frank M. Downer (Rep.), superintendent of the Denver mint, in a complaint filed with the United States mint bureau at Washington, according to an announcement made here.

TRADE REVIEW FOR THE WEEK

Business Expansion Maintained First Month of Year.

SOME UNFAVORABLE FACTORS

Steel Trade So Active That Only Inability of Mills to Make Prompt Deliveries Prevents Further Growth. Security Markets Quiet.

New York, Feb. 1.—Dun's Review of Trade says: The business expansion which began in 1912 was maintained steadily throughout the first month of the new year and reports from various sections continue satisfactory. Weather conditions affected distribution adversely in certain industries and tariff uncertainty is responsible for conservative buying in some lines. Labor troubles have interfered with the demands for materials used in the manufacture of clothing, but the general effect on the dry goods trade is comparatively slight.

The iron and steel trade continues so active that only the inability of the mills to make prompt delivery prevents further expansion. The open winter has been favorable for new building and important construction work is in prospect.

In view of the large excess of merchandise exports from this country in the last year, the fact that we have recently sent over $15,000,000 of gold out of the country is regarded as an unusual development. Our own securities markets are quiet.

Bradstreet's Trade Review.

Bradstreet's says: Though trends are running in a favorable direction, there is enough irregularity to divest the situation of uniformity. Over and beyond all is the fact that the larger centers of distribution continue to do remarkably well, this being most patent in cereal-producing regions that were favored by heavy crops. Comparatively few places can boast of good seasonable retail trade. Money is easy, funds are returning from the interior in volume and western banks are liberal buyers of commercial paper. The stock market appears to have been heavily oversold, but most of the activity has been contributed by a few stocks.

Failures for the week were 361.

Wheat exports for the week aggregate 5,370,916 bushels.

CONSERVATION OF CATTLE

Stockmen Ask for Law to Prevent Killing Cows and Heifers.

Kansas City, Feb. 1.—Letters urging the conservation of the cattle of the country so that the supply of beef will meet the demands of an increasing number of consumers were sent from here by R. P. Woodbury, secretary of the National Live Stock exchange, to the governors of all states in which legislatures are in session.

Legislation is asked for forbidding the slaughter or sale for slaughter of heifer calves or cows under three years of age, except those unfit for breeding purposes.

Mr. Woodbury also urged the leading live stockmen of the country to work for the proposed legislation.

HITS LAW TECHNICALITIES.

Motion for New Trial Would Be Abolished by Proposed Legislation—Plan is to Hasten Justice.

Jefferson City, Jan. 30.—Nine bills intended to dethrone old "King Technicality" and to cure the evils of the law's delays in Missouri courts will be introduced in the senate tomorrow by Senator Alroy S. Phillips. These measures are recommended by the special committee of the Missouri Bar association and are based upon the observations of the members of the committee and the investigations of the English system of jurisprudence by John D. Lawson, former dean of the law department of Missouri university.

On the committee are Judge J. M. Johnson of the Kansas City court of appeals; P. Taylor Bryan of St. Louis and John D. Lawson. One of the most drastic recommendations is a measure empowering circuit judges to comment upon the evidence as is don in the federal courts. These bills are so hinged together that the whole process in getting a decision in a case either by the jury or appellate courts is hastened.

These measures knock out the bill of exceptions, the motion for new trial, all frivolous demurrers, requires returns to original writs in the lower court to be made to a day certain; for the speedy construction of contracts, wills laws and constitutional amendments, and for the immediate transfer of cases filed in the wrong court to the right one.

PREPARING TO RENEW FIGHTING

Allies and Turks Get Ready to Resume Hostilities.

BOTH SIDES MAY BE BLUFFING

Allies Expect to Storm Adrianople. Besieged City Well Supplied With Provisions and Ammunition, According to Deserters.

London, Feb. 1.—The Balkan allies and the Turks are making active preparations to resume hostilities in southeastern Europe.

The delegates of the allies to the peace conference here are saying farewell and packing their baggage preparatory to departing from London. A news agency dispatch received here from Constantinople reported that the Turkish delegates had been ordered home, but the command has not yet been received here. The good offices of the powers to avert a further resort to arms apparently have failed thus far.

Even at this late hour each side to the dispute is accusing the other of bluffing. The Turks declare that in their last note to the powers the allies were given greater concessions as a basis for resuming the peace negotiations than they had expected would be made them at the commencement of the peace negotiations. The allies practically admit this, but say that terms which would have been acceptable even a fortnight ago cannot now be entertained and that the Turkish game obviously is to lead them by the nose for months, counting on their possible exhaustion and hoping that complications will arise to favor Turkey.

Turkish Trick Resented.

Dr. Danoff, head of the Bulgarian delegation, said that the feelings of the Balkan populations must be considered. Excitement among them, he declares, had reached the highest degree against their "fraudulent treatment" by a handful of Young Turk conspirators, who had attempted to play with the decision of Europe and the honor, prestige and lives of the Balkan peoples.

The exchange of communications between the representatives of the powers was active. The British government will be greatly disappointed if the conference results in a failure, especially after the optimistic statements uttered on several occasions by Premier Asquith.

Expect to Storm Ardianople.

Sofia, Bulgaria, Feb. 1.—It is believed that the Bulgarian and Servian troops besieging the fortress of Adrianople purpose to take the place by storm, regardless of the sacrifice of life such an attack would entail.

Bulgarian army headquarters announced that no foreign military attaches or newspaper correspondents would be allowed to follow the forthcoming operations, and this is taken as an indication that such an attack is contemplated.

Adrianople is well supplied with provisions and ammunition, according to soldiers who deserted.

CASTRO FURNISHES BAIL

Released for Few Days Under Habeas Corpus Writ.

New York, Feb. 1.—Cipriano Castro, former president of Venezuela, walked the streets of New York, temporarily a free man, under a writ of habeas corpus issued by Judge Holt in the federal court. Argument on the question of making the writ permanent will be heard Friday next.

A surety company furnished the $500 bail. The case was brought before Judge Holt as the result of the refusal of the department of commerce and labor to admit the general to this country. His lawyers pointed out that Castro had already been held at Ellis island for several weeks "in a manner sufficiently outrageous to satisfy the vindictiveness of any one."

District Attorney Wise vigorously opposed the application for bail, arguing that even temporary liberty to Castro would defeat the purpose of the department in the steps it has already taken. The court, however, sustained the application and fixed next Friday for hearing arguments.

Followed by a curious crowd Castro went immediately to a hotel, where he had engaged a suite. He was all smiles and beaming with happiness as he invited photographers to surround him as he posed for his picture. In a statement Castro bitterly attacked the Washington authorities for excluding him. He is to speak Wednesday night at a dinner of the Northwestern society, at which John Hays Hammond is to preside.

Oil Advances Another Seven Cents.

Pittsburgh, Feb. 1.—The rapid advance in the price of the principal grades of crude oil was continued when at the opening of the market another 7 cents was tacked to the price, making Pennsylvania crude, the basis of oil values, $2.40.

West Virginia for Income Tax.

Charleston, W. Va., Feb. 1.—By a unanimous vote the West Virginia legislature ratified the income tax amendment to the federal constitution. The vote of but one other state is needed to make the amendment constitutional.

COUNTRY GETS ROAD CASH.

Missouri House Passes Bill for Distribution of Fund.

Jefferson City, Jan. 31.—The first tilt over road legislation came in the senate today over the engrossment of one of Senator Craig's bills which provides for an equal distribution of the motor car taxes and option stamp sales to the various counties of the state and the city of St. Louis, amounting to about $275,000 for the biennial period. It also provides that such funds can only be used in the construction of permanently improved roads.

Senator Craig objected to an equal distribution. He said Nodaway county is four times the size of Worth county, adjoining, has four times the mileage of roads and yet would receive no more money than Worth under the Carter bill.

Senator Phillips said if the funds were to be distributed on the basis of road mileage or contributions to the fund that Kansas City and St. Louis would be entitled to a very large per cent of the funds, as those cities pay practically all of the stamp tax and fully one-half the motor car tax. He supported the bill, however, as did also Senator Brunk. Brunk said that St. Louis would not be able to get any of the money, owing to a proviso which would first require a special levy of 25 cents on the $100 to qualify.

Senator Casey said he was opposed to the unfair method of distributing the funds. The bill was ordered engrossed by a large majority, more than enough to pass it.

SCIENTIFIC SOIL DATA.

Bulletins Issued by S. M. Jordan Are to Be Distributed at Expense of Bankers.

According to the Kansas City Star, if agriculture does not come to the front in Missouri it will not be the fault of the Missouri Bankers' association. More than a thousand bankers in the state will see that bullettins on good farming practice issued by S. M. Jordan, the Pettis county soil expert, reach the farmers in all counties.

The bulletins to be issued by Mr. Jordan will give timely advice on farm management and the handling of crops. The bankers will distribute the literature. A committee of bankers is now polling the newspapers of the state to see how many publishers will print the Jordan bulletins entire.

A bulletin just issued by Mr. Jordan calls attention to the necessity of having clover seed tested, since the indications are that a very large amount of land will be used for clover this year. Clover seed will be tested free of charge in the seed testing laboratory of the Missouri agricultural college at Columbia, Mo.

"Some samples that have been left at my office," Mr. Jordan said, "have contained from 5 per cent to 20 per cent of other seeds and trash, but this foreign seed, such as foxtail, pepper grass, buckhorn, bracted plaintain, timothy, etc., come too high when you are paying clover seed prices for them. If you sow bad clover seed it is your fault."

The Pettis county farm bureau was the first of its kind established in Missouri. Mr. Jordan helps the farmers of the county to solve every problem.

Farm bureaus similar to that in Pettis county have been established, or are being established, in a dozen counties in Missouri. It is believed that the county farm bureau, with an agricultural adviser in charge, represents the long sought method of effectively and surely solving the many problems which confront the rural communities of the United States. The plan started in the south several years ago in order to combat the boll wevil, which was attacking the cotton crop. With some changes it has spread to the northern agricultural states and is proving effective.

Some Old Coins.

Some of our contemporaries are boasting about old and valuable coins that some of their patrons have, but the Elmo Register thinks that J. C. Piper of Elmo has them all beaten. Below is a partial list of some of the rare coins he owns.

One silver dollar 1794.
One silver half dollar 1795.
One silver quarter dollar 1806.
One silver dime 1796.
One cent 1783 with the motto "Mind your business."
Half-cent piece 1793.
Half-cent piece 1795.
Half-cent piece 1797.

He has also the following Colonial coins, all cent pieces:

Connecticut 1785.
New Jersey 1786.
New York 1781.
Washington cent 1783.

Some of these coins are rare and valuable and Mr. Piper's collection is doubtless one of the best in the country. He has many stamps also, some of which are very rare.

Mrs. B. F. Anderson of Kansas City arrived in Maryville Friday noon on a visit to Maryville friends, and is at the home of Mr. and Mrs. John W. Airy.

GET A TEN CENT BOX OF CASCARETS

Insures You For Months Against a Sick Headache, Biliousness, Constipation or a Bad Stomach.

Put aside—just once—the Salts, Cathartic Pills, Castor Oils or purgative waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen and purify these drainage or alimentary organs, and have no effect whatever upon the liver and stomach.

Keep your inside organs pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, coated tongue, Indigestion, Sour Stomach or Constipated bowels. Cascarets belong in every household. Children just love to take them.—Advertisement.

If You Own One

Then you ought to know that druggists everywhere will hand you a bottle of Booth's HYOMEI for only 50 cents. Pour a few drops of HYOMEI into the inhaler and start this very day to breathe the healing Balsamaic vapor and destroy the Catarrh germs.

With every package of Booth's HYOMEI comes a little booklet which explains how easy it is to end the misery of Catarrh and Croup. It is made of Australian Eucalyptus and contains no harmful drug.

But best of all Orear-Henry Drug Co. is authorized to refund your money if you are dissatisfied. If you haven't the HYOMEI inhaler ask for the complete outfit, $1.00. Just breathe it—no stomach dosing.—Advertisement.

Visitors at Fairview Place.

Mr. and Mrs. C. L. Long and daughter, Miss Jeanette, of Lafayette, Ind., arrived in Maryville Friday noon and are guests of Mr. and Mrs. J. T. Linville.

Mothers Can Safely Buy

Dr. King's New Discovery and give it to the little ones when ailing and suffering with colds, coughs, throat or lung troubles. Tastes nice, harmless; once used, always used. Mrs. Bruce Crawford, Niagara, Mo., writes: "Dr. King's New Discovery changed our boy from a pale, weak, sick boy to the picture of health." Always helps. Buy it at the Orear-Henry Drug Co.—Advertisement.

Announce Birth of Daughter.

Mr. and Mrs. S. B. Moore, South Market street, announce the birth of a daughter, Saturday morning, Feb. 1.

Mrs. Ellis Thompson and daughters, Marie and Katherine, of Hopkins, arrived Friday evening to visit until Sunday evening with Mrs. Thompson's sister, Mrs. Edward Egley and family north of Maryville.

Little Miss Agnes Lager of Clyde, who was operated on for throat trouble at St. Francis hospital Wednesday, returned home Friday.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited.

I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

H. B.—*Write to:* Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for *Special Instructions*, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.
